Today 1:53 AM

You come anywhere near Lauren,
her family, her exes, her exes family,
my family, or myself, and I'll fucking
kill you. I did 15 months in max.
Don't test me.

Fucking psycho.

How's that GPS treating you? It's
fun isn't it? You're probably hooked
up right now.

The difference between you and me
is I don't care about the
consequences.

Hope you beat the charge. Good
luck.

You send someone. I'll come for
YOU.

Don't think you go harder than me
bitch.

Just kidding. I won't kill you. Unless
you enter our houses.

Have a great life. Hope it's filled with lots of money and girls.

Just not Lauren. She's too good for you.

Last note, all that shit you pulled on me I disclosed in the very beginning. She knew from day 1. No surprise.

You got a lot of options. You don't wanna go down this road.

Thanks for bringing her back into my life.

The sender is not in your contact list.
